SUBJECT INDEX TO VOLUME 48

A

Abdominal fat, exercise training-induced reductions in, 1055
Abstracts, 109, 235, 460, 712, 862, 1026
  American Geriatrics Society and American Federation for Aging Research, 2000 meeting, S1
Acetylcholine, aging associated with endothelial dysfunction and, 193
Acetylcholinesterase inhibitors, mild cognitive impairment and, 431
Activities of daily living
  decline in
    culture specific implications, editorial, 1527
    risk factors for predicting, women, 170
  functional status before hospitalization and, 164
  impairments in, chair and bed rise performance, 526
  pulmonary rehabilitation and, in chronic obstructive pulmonary disease, 1496
Activities of Daily Vision Scale, fall risk assessment and, 1474
Advance care planning
  decision-making and outcomes in prolonged intensive care, S70
  improving, editorial, 1343
Advance directives
  capacity of nursing home residents to execute, 179
  physician orders for life-sustaining treatment and, in PACE program, 1219
  preferences, nursing home residents, Pacific Northwest, 554
  racial variations in, 658
  seriously ill patients, S187
Affective disorder, completed suicide and, primary care patients, treatment history and, 23
Age
  carotid wall shear stress and, letter, 1349
  classification of, letter, 344
  endothelial dysfunction and, 193
  Hodgkin's disease survival and, 315
  primary care resident physician-patient interaction and, 30
Albumin, interleukin-6 levels and, prognostic values of, 1404
Alcohol consumption, moderate, hearing loss and, protective effects, 1273
Alcoholism
  functional status and, 769
  in older people, 985
All Inclusive Care for the Elderly program, assessing quality of care in, 903
Alternative medicine, use in older Americans, 1560
Alzheimer's disease. *See also* Dementia
  assessment of, neuroimaging in, editorial, 1345
  cerebrolysin and, multicenter study, 1566
  Clinical Dementia Rating, interrater reliability of, 558
  depressive symptoms and risk of, highly educated older people, 1092
  diagnosing
    guidelines for, 1195
    laboratory studies and neuroimaging role in, 1204
  Medicare costs for, 639
  metrifonate therapy impact on caregivers, 268
  motor vehicle crash characteristics of drivers with, 18
  nocturnal polyuria and, pathophysiology and clinical implications, 1320
  parkinsonism, mortality, and, 422
  pattern of care in early stages, timely diagnosis and, 300
  physicians' legal and personal judgements of competency in cognitive models of, 919
    consistency of, 911
  preclinical, depression and, distinction between, 479
  smoking association with, 800
  10-year care requirements, predicting, 631
Aminoglycosides, safety of, letter, 857
Analgesics, nonopioid, evaluation of use in nursing homes, 398
Anesthesia, surgical, adverse postoperative outcomes in the old-old, predictors of, 405
Angiotensin II, aging associated with endothelial dysfunction and, 193
Angiotensin II receptor antagonists, dysphagia in hypertensive patients with stroke, letter, 1741
Antianxiety agents, use in older people, 10-year study, 1073
Anticoagulants, oral, use in older people, 224
Antidiuretic hormone, nocturnal polyuria and, pathophysiology and clinical implications, 1320
Antihypertensive agents
  cognitive impairment and, African Americans, 1035
  cognitive impairment preventive role and, editorial, 1163
Arginine vasopressin, nocturnal polyuria and, pathophysiology and clinical implications, 1320
Arterial disease, peripheral, population studies insights, 1157
Aseptic meningitis, trimethoprim/sulfamethoxazole-induced, letter, 1537
Assessment
  ADL-impaired, chair and bed rise performance, 526
  care patterns in early stages of Alzheimer's disease and, 300
  nutritional, nutritional markers and, 1300
  pain, in cognitive impairment, 1607
  rotator cuff tears, 1633
Asthma, hospital care for, controller and rescue medication use in, 651
Atherosclerosis, subclinical cardiovascular disease and, prevention of, editorial, 342
Athletes, master, silent ischemia during detraining and, 647
Atrial fibrillation, cognitive disorders and, 387
Atrial natriuretic hormone, nocturnal polyuria and, pathophysiology and clinical implications, 1320
Azathioprine, myasthenia gravis and, 1442

B

Balance
  assessment of, 1136
  control of, improvement in adults with history of falls, 275
  exercise effects on, in osteoarthritis, 131
  quantification of, accelerometry-based method for, letter, 709
  recovering, postural stability measures as predictor of ability, 42
Balanced Budget Refinement Act, effects on geriatric medicine, 450
Behavior management, interdisciplinary program for, implementation of, 581
Behavioral therapy, drug therapy and, urinary incontinence in women, 370
Benzodiazepines
  long-term consequences of, 811
  risk of falls and, in nursing homes, 682
  use in older people, 10-year study, 1073
Biofeedback
  drug therapy and, urinary incontinence in women, 370
  visual, bodily orientation control effects on fall history, 275
Biomechanics, stair navigation in older people, 567
Bladder control, depression and, 413
Blood pressure, low, depression and, 250
  editorial, 336
Blood transfusion, serious illness and, S39
Body composition
  age-related gonadal function decline and, men, 51
  medical illness influence on, letter, 1737
